PREFACE

Puskar School of Nursing Training is one of the most modern and well equipped nursing school in Jharkhand. It is widely recognized as a centre of excellence in the field of nursing. The school is recognized by Indian Nursing Council (INC), New Delhi and Jharkhand Nurses' Registration Council (JNRC), Ranchi.

The school is established the year 2016, recognizing the necessity of the neglected poor, down trodden and sick people by providing optimum health care, since its inception, Puskar School of Nursing Training has trained students from all around the country. Today you all know the increased Nursing dean at home and outside the nation to face the several challenges that are known open for medical care. With this ideology, the society immediately rose to the occasion to start and train nurses at collegiate level with excellent inputs.

Puskar School of Nursing Training is to provide quality education and training in the field of nursing at the grass root level, school provides good knowledge skill for students so that the student can get job without wasting their time and money, which is not so relevant in today competitive environment.

In the era of privatization & globalization of education in India, on the pattern of western countries, India Government also promoting non-government organization to come forward to meet the growing needs of institution providing job oriented courses and training. Puskar School of Nursing Training has coming forward to meet the ever growing demands of Nursing staff from Hospitals, Nursing Homes and other places in India & other countries. The objective of institute is to fulfil these gaps by providing quality education that is affordable too.

Self employment/ job oriented courses means, candidate may establish open his/her own canter in any part of the country under concerned medical specially subject to the rules and regulation prevailing at the time in the area concerned or may seek jobs in India and abroad.

Diploma certificate is eligible for government and private sector jobs and also for self employment

Mission Statement

To touch the lives to transform people by teaching, healing and creating a better community for human beings and for sake of GOD.

Vision Statement

Become a dynamic global institution and a centre for excellence.

Core Values

- ☞ Compassionate in all dealings
- ☞ Loyal to organizational Goals
- ☞ Hard work with passion and productivity
- ☞ Continuous self-renewal
- ☞ Honesty and integrity in all aspects

From The Desk Of Chairman

Sunil Kr. Puskar

Dear Students,

You are most Welcome to be the part of our organization

You are most welcome to be the part of our organization.We are committed for fulfilling the academic needs of the state and continuously trying a visionary diversification in innovative education with global paradigms. The establishment of Puskar School of Nursing Training, Ranchi, reflects a positive side in this direction aimed at producing quality students capable of strengthening and broadening the base of nursing Education.

Our mission as an educational institution is to instill originality in the learning minds and impart strength and efficiency, by giving quality, value based education in the field of Nursing. We in our institute motivate students to improve their skills and creativity with the support of innovative selective knowledge, so that after completion of their study students can lead the Community and bring perfection in entirely in this manner our guiding vision and mission is to pursue excellence constantly in all its endeavors while providing world-class education to its students and producing scientists who can serve to reduce the mismatch between the availability and demand for skilled human resources. Not even teaching and training one of the hallmarks of our institution is to provide the best environment for overall development of students and preservation of strong moral and traditional values of our Indian culture.

I invite you to join and experience the teaching and training environment at our campus. I strongly believe that as you discover more about us, you will appreciate the worthiness of our taught courses.

“Education is the biggest service to humanity”. A Society can march ahead to prosperity, only when it has strong foundation of education.

With best wishes,

☞ *Action is the Foundational key to all success*

☞ *Imperfect Action is better than perfect Inaction*

☞ *Success consists of going from failure to failure without loss of enthusiasm*

PHILOSOPHY

Puskar School of Nursing Training believes that modern medicine cannot be practiced without the support of nursing for which the world remains grateful to Florence Nightingale, the Pioneer. The light lit by her has been carried forward by Puskar School of Nursing Training, Ranchi, with the establishment of its Nursing Institution. Puskar School of Nursing Training strives for the well being of our students, and pledge that it will render quality education always. It will works as a team in order to enable our students strives for excellence and will work with enthusiasm and sincerity to alleviate suffering and pain. Puskar School of Nursing training has been established with the approval from Department of Health and Family Welfare, Govt. of Jharkhand vide its letter no. 10/Nursing- 10-52/2023-64(10) Dated 07.02.2024.

Florence Nightingale

The School is recognized by the Indian Nursing Council, New Delhi and is affiliated to Jharkhand Nursing Registration Council, Jharkhand.

- Value based education which brings transformation in the community.
- Through this programme, total development of a person and to enabling his/her to become a useful citizen.
- This teaching institution believes that on completion of the course s/he will be able to provide quality care to achieve the goal of nursing.
- This nursing course will facilitate the overall professional development of the students through adaptation of new methods & modern technology that will make them capable of working with increasing health consciousness in India. The quality of health services has improved. Skilled and specialized nurses are high demand by the health organization with the growth of the industry. The demand for nurse is also increasing for making a career in nursing very attractive.
- The nurses can get excellent employment opportunities in government or private hospitals, clinics, nursing homes, orphanages, old age homes, military services, industries, cruise ships and schools.
- Majority of the nurses in India go abroad, most of the nurse working through the world are from India. The skilled nurses can get employment in specialized fields like surgical Medical, ICU, Telemetry & ER.

AIM/OBJECTIVES

The main objectives of the institution are as follows:

- Apply knowledge from the humanities, biological and behavioural sciences in functioning as a nurse.
- To provide instruction, teaching, and training in Higher Education and to make provision for advancement and dissimilation of knowledge.
- To create higher levels of intellectual abilities.
- To establish state-of-the-art facilities for nursing education and training.
- To prepare nurses with a sound educational programme in nursing to enable them to function as efficient members of the health team, beginning with the competencies for first level positions in all kinds of health care settings.
- To carry out teaching and research work and to offer various facilities to the students for betterment of their knowledge.
- To encourage sports, cultural, extra-curricular and co-curricular activities for students as well as staff.

GOAL

To prepare skilled nurses to achieve the goals of National Rural Health Mission, meets the requirement of modern health services that aims at bringing about dramatic improvements in the health system & health status of the country.
